Dear Leading Edge Health; I have decided to use this attachment to answer the questions on your survey. The following answers are honest and to the best of my knowledge.

Question #1 What product have you been using? I was given a 30 day supply from my brother; Richard Grove. We decided to test the product out and compare notes. Richard is not very keen on filling out surveys. I decided I would. Anyway, I've been using Vig Rx Plus. I'm 46 and in just three weeks of usage, My libido has been restored, and my sex drive is at an all time high I feel 21 again! My girlfriend is absolutely pleased with the increase in girth when erect, my ability to last longer and have back to back intense sex. My girlfriend is now experiencing intense orgasms as well as multiple orgasm. Our overall relationship has improved by leaps and bounds! VigRX Plus went above and beyond it's promises. I only wish I had not wasted so much cash on the type of product that turned out to be just hype. Oh, and my Flacid length is increasing with each new day. I hang rather than point now.

Question #2 If you used our customer support team, how would you rate their service? Please describe: I did make a call to your customer service team. I was surprised at the speed in which my call was taken. I did get a live person, instead of the usual automated run around. The representative was extremely polite and answered my question with impressive knowledge. My question was about one of the ingredients. I would rate your customer support team as being one of the best on planet earth!

Question #3 What were the top three reasons you chose our product over the competitors? Reason #1: VigRx Plus had a very high rating on a very comprehensive website for men that does in depth research on products like VigRX Plus, the reviews by satisfied customers are impressive. Reason #2: Heard other men speak of the original VigRX. Reason #3: I came to an honest conclusion, and realized I needed some help.

Question #4: Please refer to my answer for question #1. Question #5: Is there anything we can do to improve or do better? No, I think VigRx Plus is a well planned and thought out product. No expense has been spared in developing. Leading Edge Health has gone above and beyond, I highly recommend VigRx Plus and all other products to friends and family. I'm a customer for life. What product can we send you? I'd like a box of VigRx Plus Please. Name: GREGORY C GROVE
